

1 **Mt. Pleasant City Planning Commission**
2 **Minutes**
3 **Dec, 6 2011**

4 The Mt. Pleasant City Planning Commission held a work session Tuesday December 6, 2011 at 7:00
5 P.M. The meeting was held in the Mt. Pleasant City Council Room, 115 West Main, Mt. Pleasant,
6 Utah.

7
8
9 Present were Alden Johansen, Brian Schenk, and Annette Garduno.

10 The planning commission work session was called to consider one agenda item: A proposed
11 windmill ordinance

12 An in-depth discussion ensued for over an hour. Every aspect of windmills being located in MT.
13 Pleasant City was considered. The conclusion was reached that given the complexity of the issue
14 and all of the ramifications pertaining to windmills being located in Mt. Pleasant City, especially in
15 R-S, R-A, C-G, CGM, and C-H zones, the planning commission would not pursue a windmill
16 ordinance.

17 It was noted further that windmills would probably be more effective in the unincorporated areas of
18 Sanpete County on lots with five acres or more.

19 The Commission also decided that sometime in the future they may consider a green energy
20 ordinance.
