**Please have past due amounts paid in full before this time to avoid shut off.**

*Influenza of 1918-1919 in Mt. Pleasant.*

*The winter of 1918-1919 brought a vicious form of influenza in epidemic proportions. Most people remained at home as much as possible to avoid contact with it.*

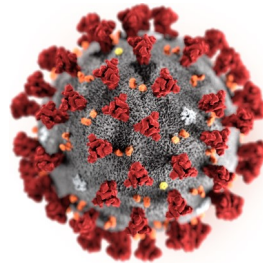

*Masks were worn by everyone as a precautionary measure. The masks were made of gauze, muslin, or similar porous material folded into several thicknesses and tied about the upper part of the face to cover the nose and mouth. It was still possible for a person to breathe while wearing one of these masks.*

*Schools were disbanded for much of the winter. The teachers and students of North Sanpete High School carried on a course of study via correspondence. The "flu" epidemic took a heavy toll in the state.*

## What does Covid-19 Mean for Mount Pleasant Residents?

Your City will still continue to run. Our Public Works and Power Department have continued to make sure that your utilities stay on and safe. Our local businesses are also accommodating to help prevent the spread of the virus. Terrel's is offering senior hour Tuesday's and Thursday's from 6am-7am. Most of your local restaurants are offering curbside service.

Currently our Aquatic Center and Recreation activities are suspended. Public schools are going to be online until May 1, 2020.

Our City Office is closed to thru traffic, however we are available to take all calls. Payments and documents can be left in our drop box out behind the City office. Payments can also be made online at our website at [www.mtpleasantcity.com](http://www.mtpleasantcity.com).

We would like to caution that all City parks are closed. Please be aware these areas have not been sanitized.

For more information regarding COVID-19 in our area visit [coronavirus.utah.gov](http://coronavirus.utah.gov). If you know of anyone that doesn't have internet access please help update them with the correct information regarding this virus or have them call 1-800-456-7707.

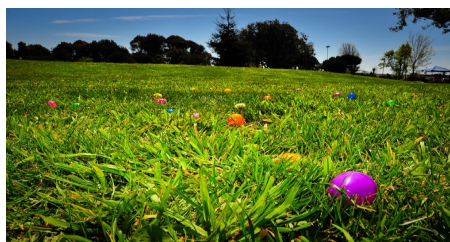

The Mount Pleasant Public Works Department is beginning spring maintenance on the irrigation system. All your personal valves should be closed. Check for leaks and repair any damage that may have occurred over the winter months. Irrigation will be turned on April 15th or shortly after.

**Burn Permits:**

Anyone wishing to open burn must first obtain a permit from the Mt. Pleasant City Fire Department. Please call 435-462-2456 to request a fire permit. Permits will be issued on Thursday's. Fines will be imposed if you are caught burning without a permit. Firepits and camp fires need a permit.

Due to the Governor's Directive to "Stay Safe, Stay Home" which was issued March 27th, 2020 and is in place until April 13th, 2020. The Annual Mt. Pleasant City Easter Egg Hunt will be cancelled for the time being, we are hopeful that we will be able to hold the event at a later date.

9AM-5PM, Monday-Friday

With the toilet paper shortage please remember not to flush anything but toilet paper. Not even if it says “flushable” into the sewer system. Wipes clog sewer pumps which means sewers stop flowing and sewage can back up into houses or overflow into waterways! Everything else belongs in the

trash can— or you’re going to end up with a plumbing and sewer issue.

\*The following information was taken from a Facebook post photo credit: Milwaukee Sewer District.

**DO NOT FLUSH THESE DOWN THE TOILET**

**FACIAL TISSUE/NAPKINS**  
Soft, silky surface makes them harder to dissolve.

**PAPER TOWEL**  
Designed for absorbency. Will not break down.

**FLUSHABLE WIPES**  
They are **NOT** flushable.

Flushing anything besides toilet paper can result in blockages and expensive home plumbing problems.

**A Message from your Mt. Pleasant Police Department:**

It's that time of year to start thinking about cleaning up after a long winter. We are asking Mt. Pleasant City Residents to look at the City Owned Property that is between the roadway and your personal property. We have been asked to try to get that area cleaned up and help make our city look more appealing. When you look at your property, what do you see? Some of you might see inoperable cars that have been parked in front of the house for several years. Some of you might see camp trailers, farm equipment, construction debris or other things that might have been left out to be used later.

Do an assessment of your homes and or property . The police department has been asked to identify properties that have been neglected and help to get them into compliance with the City Ordinance. Please feel free to call our office at 435-462-2724 with any questions. We look forward to working with you to make Mt. Pleasant City a beautiful place to live.
