A big shout out to Brittany Adams, Dawn Coates and all the volunteers that helped make the City Halloween Bash a great one! Join us next year for more Halloween fun!!

The Youth City Council was sworn in during council on October 22, 2019. The YCC is patterned after the actual Mt. Pleasant City Council. They are a governing body that mirrors the efforts of the City Council. The main purpose is to promote youth programs within the community. Pictured left to right, Mt. Pleasant City Mayor Dan Anderson, YCC Council Members: Joshua Thompson, Daniel Boekweg, Levi Palmer, Keenan Schuhmann, Hayley Jensen, YCC Mayor Pro Tem: Devin Palmer, YCC Mayor: Scott Shock.

Mt. Pleasant City is a Public Power Utility, we are also part of UAMPS (Utah Associated Municipal Power Systems). Did you know that if you live in a public power community, it means you own your electric utility? This means you benefit from affordable energy, better service, and a utility that cares about the overall well-being and growth of your community.

As a whole, public power utilities have lower rates than other types of electric utilities. Residential customers of public power utilities pay 13% less than customers of investor-owned utilities— for the average U.S. household, that’s $176.79 saved each year or about $15 per month. With winter on it’s way check out smart energy savings for your home at uamps.com.
