10. Mayor's Report

Hub City Day's celebration went well. The parade was discussed and how some people do not like getting wet by the vehicles in the parade. Candy being thrown from the parade participants is still a concern. It will need to be thought out more to determine how to keep everyone safe.

Fire works caused a small fire that the fire department quickly put out. They believe it was caused by a drone that was flying over the fireworks. They think the firework hit the drone as it was going up which caused it to veer to the side into dry grass. It is still under investigation.

12. Adjourn 7:05 p.m.

Jeanne M. Tejada, Recorder
