  - Met with Paul on streets. Paul suggested doing some outreach and communicate with the public to get their participation and understanding.
  - Thinks it would be good to get the department heads trained on iWorqs.
- **Kevin Stallings:**
  - Water samples? Justin said they went up, but couldn't get the instruments in. He'll follow up with Joe Daley.
  - Working on one Railroad Car at the Park. It is moving forward. Waiting on power and sewer. Small discussion on the progress and what still needs to be done.
- **Russell Keisel:**
  - Citizens would like to be better informed. Would like us to find a way to get the citizens more informed of the city council meeting.

- Researched how much councils in other cities are paid.
  
- **Heidi Kelso:**
  - Meeting with Horseshoe Mtn. Hardware to see if they can do the flowers for the City this year.
  - Library director was filled by the assistant director Dawn Coates who has been with the library for years. Had some great candidates, but no budget to hire them. City needs to look into possibility of bringing in to City budget to help to give some pay increases.
